

I am sending this email, as I just had a stranger drive up our driveway an hour ago and he did not see me, as I was on the far side of our property. The dogs started barking and drew my attention. He was driving what looked like a Ridgeline pick-up that was a light silver grey on the upper part and a darker grey on the lower part of the body. I did not go over to meet the person in the truck, as I did not recognize the vehicle and had no appointments scheduled. After about 10 minutes, I decided to walk back up to the house, as he was parked on the far side and I could not see what he was doing. He started driving down the driveway and I called out to him and he stopped. I asked if I could help him and he said that he was looking for 15911, not 14911. I told him the higher numbers were towards Darnestown Road. He thanked me and left. When I got back into the house, I realized that Berryville goes up to 15823. I drove around Berryville and Finnegan Farm, to see if I could spot the truck, but it was fruitless. I have called the police and will file a report, especially since we have had recent robberies in Finnegan Farm and Spring Meadows. I just wanted to give you all a heads-up, so you could let your neighbors know, especially those who are alone in the house during the day. Can we get this out to the DCA members?
